Il n'y a pas de secret pour apprendre les multiplications... il faut simplement les pratiquer le plus possible! En fait, tu dois les apprendre par coeur. Je sais que ça peut te sembler difficile, mais ne te décourage pas! Lorsque j'étais au primaire, je ne trouvais pas cela toujours facile non plus! J'ai persévéré et maintenant, je les connais sur le bout de mes doigts! Il en sera de même pour toi bientôt, j'ai confiance en tes capacités! Continue tes efforts!
